

# International Conference on Interdisciplinary Perspectives in Mathematics, Science & Linguistics

5<sup>th</sup> - 7<sup>th</sup> December 2024

## Objective of the Conference

The objective of the Interdisciplinary Conference on Mathematics, Science, and Linguistics is to foster collaboration and the exchange of ideas among participants from various disciplines. It aims to explore the intersection of these fields and promote innovative approaches to addressing complex challenges and advancing knowledge.

The conference provides a platform for experts to present their latest research findings, theories, and methodologies, facilitating the sharing of knowledge and encouraging discussions on interdisciplinary topics. It fosters collaboration and research across disciplines, offering an opportunity for participants to interact, exchange ideas, and explore potential collaborations that can lead to advancements.

By bringing together experts from different fields, the conference facilitates the cross-pollination of ideas and perspectives, leading to new insights and solutions to existing problems. It seeks to bridge gaps between disciplines by exploring commonalities and synergies among them, encouraging participants to look beyond boundaries and discover connections that enhance understanding and problem-solving capabilities.

Moreover, the conference aims to explore the practical applications and societal implications of interdisciplinary research, fostering discussions on how it can contribute to addressing societal challenges, advancing technology, and shaping policy.

Overall, the Interdisciplinary Conference on Mathematics, Science, and Linguistics aims to create a collaborative environment where participants can share knowledge, collaborate across disciplines, and contribute to the advancement of these fields through interdisciplinary perspectives.

**Mode of Presentation:** Presentation will be conducted in a Hybrid manner. All the sessions must be Offline. Online presentations are only for International Participants.

Venue: VIT Bhopal University.

All submissions will be acceptable via the Microsoft Conference Management Toolkit (CMT)

### 1. Access to the Submission Site

URL: <https://cmt3.research.microsoft.com/ICIPMSL2024/Submission/Index>

If you have an existing account with the Microsoft Conference Management Toolkit (CMT), please enter your credentials to log in. If you do not have an account, please click on the "Register" button to create one. Your login details and password will be sent to you via email.

### 2. Initiate a Submission

Upon logging in, you will be directed to the Author Console, where all your submissions will be displayed. To create a submission, click on "Create New Submission" at the top left corner of your screen and select the intended track of submission. Please note that after the submission deadline, you will no longer be able to create a new submission.

### 3. Fill in the Submission Form

The submission form requires you to provide the title of the paper, an abstract, full authorship (including coauthors' information) and other details, which can be changed before the submission deadline. Please ensure that all required fields are completed or your submission will not be saved. Once successfully submitted, your paper will appear in your author console.

### 4. Upload or Update Your Full Paper:

You are required to upload your full paper in MS Word or PDF file format by either dragging it to the box under the "Files" section or by clicking on the "Upload from Computer" button. After the upload is complete, your filename, file size, and upload date and time will appear on the left above the box. You can also update your file with a new version by clicking the "x" next to the file name to delete it, and then upload the new file. Once you have made any necessary changes, click on the "Save Changes" button at the bottom of the submission form.
